Product Description

The cream "**Rain of love**" proposes to you to explore a taboo side of the sexuality, that is the feminine ejaculation!

Whether you've never experienced a point-G orgasm, or you're an unconditional insider, the specific love rain cream specifically to amplify and prolong the G-spot excitement, will take you wherever you go, Have never gone.

An illustrated exploration guide accompanies the cream and reveals the secrets of this erogenous zone, as well as the different positions that can be stimulated.

Apply a little cream on the subject of your strength, insert it into the little curved tenant to hold the cream and apply it to the point-G. Mass firmly in a movement of vas and come in order to make well penetrate it. You feel your G-spot swell with pleasure and become more and more hard and reasonable to increase blood flow. Using your partner, your fingers or your specially designed vibrator for the G-spot, continue the movement.

Enjoy this abundance of sensations and let yourself totally go for multiple orgasms, and even for some women, towards the apotheosis of supreme orgasm: the rain of love! Let your body abandon itself entirely to the culmination of this sublime pleasure.

- Increases lubrication
- Compatible with latex
- Contains natural oils
- **Multilingual exploration guide included with explanatory drawing**
- Not recommended for pregnant women or people with genital herpes.

Weight: 149 gr
